Welcome to our training course Rainbow Youth organized by Mirando Al Este and facilitated by Leap Sports. In this Infopack you will find all the information of the project including accommodation, travel and contact details of the organizer. Fasten your seatbelt, relax and enjoy this small exciting trip.

Participant profile

We expect 2 participants from each country, 18-30 years old, gender balanced group. Although candidates must have experience in the youth work, we prefer youngsters with small/no knowledge about LGBTI+ and gender identities.

Some Boring (but important) Information

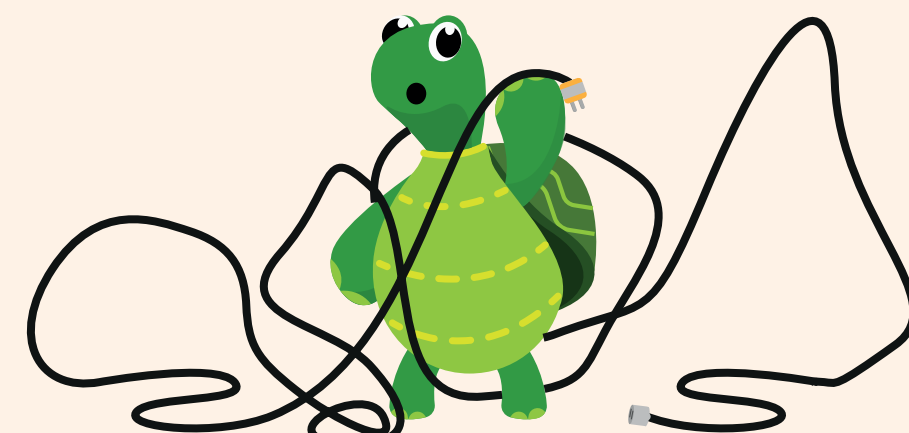

We will use the training course to:

- 1 Explore the experiences and commonalities around our own youth work practices and our reach to LGBTI+ young people.
- 2 Look specifically at the experiences of LGBTI+ young people, and consider a range of different approaches and ideologies for support and inclusion.
- 3 Consider practices in challenging hate speech amongst young people, dealing with prejudices and countering discrimination.
- 4 Conduct wider critical examination of discourse in marginalised young people within youth work practice. Design culturally sensitive interventions.

Objectives

- ◆ To provide the necessary competences to include a positive approach to Sexual Orientation and Gender Identity and Expression in youth work practice.
- ◆ To explore the specificities and challenges of working with LGBTI+ young people in Education settings and European activities.
- ◆ To look at the difficulties that LGBTI+ young people face and how practitioners can become facilitators for positive change or growth.
- ◆ To provide a framework of action and a series of tools to challenge discrimination on the basis of SOGI.
- ◆ To offer a space for inquiry and personal growth of participants.
- ◆ To raise awareness and acceptance of LGBTI people across the European Union
- ◆ To reach citizens, foster diversity and nondiscrimination
- ◆ To support key actors responsible to promote and advance equal rights for LGBTI people in the EU
- ◆ To use Erasmus+ programme as a tool to carry out projects that promote LGBTI Rights, Human Rights and equality.
